"Facing Bad News: Ethical Considerations for the Provider and the Patient"

Program at 12:30pm

Speaker: Tommy Thompson, D. Min., M.Div.

Objectives
At the end of this lecture, the participant should be able to:
- Identify the moral and ethical challenges of breaking bad news
- Identify tools for cultivating “hope” in the face of bad news
- Explore the challenges of physician grief when dealing with the loss of a patient
- Describe the 4 domains and 21 dimensions of the human experience and how major life challenges can impact them all

Target Audience
Physicians and other healthcare professionals of all specialties

WebEx, ethics CME, and CNE credit are available for this course! Please see your meeting invite for details or contact the CME department via email at Christine.Rocha@stdavids.com.
